Happening Around Town

(1) **Life-Saving Reminder** -- with cold weather settling in, it is a good time to familiarize yourself with how to protect you and your loved ones from the dangers of carbon monoxide gas. Between 2000 and 2019 carbon monoxide poisoning was the underlying cause of death for 275 New Jersey residents. And, in 2019 alone, 374 of our state's residents were treated in hospital emergency rooms for non-fire related accidental CO poisoning. Helpful Tip

(1) Throughout this newsletter we often refer you to the Monmouth County Library's Eventkeeper site to register for one or more of the many programs being offered virtually or in-person by the Monmouth County Library system.

But, if you are having trouble remembering the date/time of the programs you've signed up for or wish there was an easy way to invite others to join you for the program...help is here thanks to some handy Eventkeeper features.

Now when you go to the Eventkeeper site to register for a program you also have the option of clicking on one (or more) of these buttons.

A. Tell a Friend -- allows you to send an email to a friend about the program you've registered for and ask them to join you.

B. Remind Me -- allows you to schedule a "reminder" email that will be sent to you 24 hours before the program begins so you don't forget.

C. Add to Calendar -- allows you to add the program you've registered for to your electronic calendar.

Hope you find this tip helpful. You'll find the EventKeeper site by clicking [here](#)
